August 10, 2020

Dear Parent/Legal Guardian,

We have all been faced with extraordinary obstacles and challenges over the last several months. The spring of 2020 brought about many unprecedented changes to our society and our education system. We, at Tyree Learning Center, appreciate your understanding and support as we strive to provide a quality program while adapting to changing conditions.

SCO Family of Services residential schools have been tasked with developing a flexible scheduling approach that utilizes in-person, distance, and/or a hybrid learning models. Please be assured that all necessary measures are put into place to prioritize the health and safety of all of our students, families and staff.

As we look forward to the 2020-2021 school year; we have developed a comprehensive plan based on the guidelines of the New York State Department of Education and the New York State Department of Health. Tyree Learning Center will follow the phase-in approach set forth by New State Department of Health, the Center for Disease Control, New York State Department of Education and the New York State Governor's office. The full plan can be viewed on SCO Family of Services website at <https://sco.org/covid-19/>.

As the 2020-2021 school year begins we understand that we may face further challenges, we thank you in advance for your continued patience and support during these trying times.

Sincerely,

Eileen DiLauro
